

MAG METERING MANHOLES

- One-Piece Molded Package
- Factory Meter Installation Available
- Lightweight and Watertight
- Superlative Strength and Durability
- Engineered & Built to Order

25 year
Corrosion
Warranty

The Plasti-Fab Mag Metering Manhole (MMM) was an industry first and remains the most complete and easy-to-install pressurized flow measurement package available. Plasti-Fab products are fabricated from highly corrosion resistant composite fiberglass reinforced plastic (FRP) with a 25 year corrosion warranty. Plasti-Fab is recognized around the world as an experienced innovator providing composite solutions for municipal and industrial fluid measurement and management applications.

KEY FEATURES

- Composite FRP is extremely resistant to chemicals, saltwater, corrosive soils, ground water and electrolysis
- Weighs only a fraction of concrete and steel structures
- Strong - FRP is pound-for-pound much stronger than steel
- Premium grade Isophthalic white gel coat interior to resist bacteria and maximize illumination for safety, and gray exterior
- Minimum 1/2" wall thickness
- 48", 60" and 72" diameter barrels standard - custom sizes available

DESIGN FEATURES AND ACCESSORIES

CONVENIENT FEATURES & ACCESSORIES

Mag Meters and other devices may be professionally installed at the factory

- MMMs standard with:
 - Watertight one-piece construction
 - Premium grade Isophthalic Gel Coat white interior, gray exterior
 - Dual-layer constructed bottom to prevent oil canning and provide a flat installation surface
 - External Anchor Tabs
 - Inlet and Outlet Pipe Stubs
 - Internal Ladders built in on units over 4' deep
 - Heavy duty stainless steel hardware
 - 48", 60" or 72" diameter barrel

- Additional customization options:
 - Shelves, brackets, or hooks for mounting monitoring devices
 - Air Vents
 - Safety Rails, Pulleys, Harnesses and Ladder Ups
 - Headboards
 - Threaded Taps
 - Many specially engineered solutions available -- consult representative or factory
- MMM cover options:
 - Hinged composite FRP with Hasp
 - Concentric 24' or 36' for H-20 load
 - Aluminum hatch or water/gas tight
 - FRP Grating

Plasti-Fab is a world class manufacturer of composites with over 40 years of experience designing, engineering and building products for fluid management and control. Recognized around the world as an experienced innovator and provider of quality composite solutions, Plasti-Fab has a wealth of experience and expertise in flow measurement products.
