

ENERGY ABSORBING MANHOLE

High Velocity Solution

Fast & Easy Installation

Assures Accurate Measurement

New or Existing Pipelines

Engineered & Built to Order

25
year
Corrosion
Warranty

The Plasti-Fab Packaged Metering Manhole (PMM) was an industry first and remains the most complete and easy-to-install flow measurement package available. Plasti-Fab products are fabricated from highly corrosion resistant composite fiberglass reinforced plastic (FRP) with a 25 year corrosion warranty. Plasti-Fab is recognized around the world as an experienced innovator providing composite solutions for municipal and industrial fluid measurement and management applications.

KEY FEATURES

- Reduces velocity in flow to increase accuracy of flow measurement.
- Drop in place installation is fast and efficient.
- Self Cleaning Design.
- Integral Manhole and Energy baffle system.
- Manhole barrel has white gel coated interior to maximize available light and sanitation.

DESIGN FEATURES AND ACCESSORIES

CONVENIENT FEATURES & ACCESSORIES

- Manholes available with:
 - Full Hinged Lid
 - H-20 Rated Cone Top
 - Aluminum Gas Tight Lid
 - Grated Top
 - Aluminum Hatch
- Manholes pipe stubs built to match existing pipe ID and OD for easy installation
- Reinforced Energy Baffle
- Sidewalls custom built to efficiently funnel water back into pipe
- Manhole bottom is sandwich construction to prevent oil-canning

The Plasti-Fab Energy Absorbing Manhole is engineered to moderate water flow for accurate downstream flow measurement. The Energy Absorbing Manhole arrives ready to install.
