

STORM MANHOLE

SOIL, TRASH & OIL RETENTION MANHOLE

- Cleans Storm Water
- Fast and Easy to Install
- Low Maintenance
- Easy to Operate Trash Basket
- Superlative Strength and Durability

25 year
Corrosion
Warranty

The Plasti-Fab STORM manhole is an complete packaged solution for pre-screening storm water for floating debris while trapping soils and retaining oils. Plasti-Fab products are fabricated from highly corrosion resistant composite fiberglass reinforced plastic (FRP) with a 25 year corrosion warranty. Plasti-Fab is recognized around the world as an experienced innovator providing composite solutions for municipal and industrial fluid measurement and management applications.

KEY FEATURES

- Complete packaged integral manhole and collection system
- Meets EPA requirements for trapping accidental spills of floating oils / chemicals and removal of debris from storm system
- Stainless steel basket traps debris and is easily removed, dumped and reinstalled
- Meets ANSI / ASTM D3753-81 for manholes
- OSHA confined space accommodation available
- Available oil entrapment chamber
- Composite FRP is extremely resistant to chemicals, saltwater, corrosive soils, ground water and electrolysis
- Drop-in installation is fast and efficient

DESIGN FEATURES AND ACCESSORIES

CONVENIENT FEATURES & ACCESSORIES

- Manhole available with trash and oil entrapment chamber individually or together
- Manhole diameters available: 4', 5' or 6'
- Meets ANSI / ASTM D3753-81 for manholes
- OSHA confined space accommodation available
- Optional removable jib crane
- Custom slotted track for basket installation
- White interior gel-coat enables easy inspection for toxic molds and mildew
- Smooth, non-porous interior finish is easy to clean and sanitize
- Many specially engineered solutions available -- consult representative or factory
- Manhole cover options:
 - Hinged composite FRP with hasp
 - Concentric 24' or 36' for H-20 load
 - Aluminum hatch or water/gas tight
 - FRP / stainless steel grating

Collection sump area designed to capture heavy debris

Stainless steel collection basket

The Plasti-Fab Composite STORM Manhole is an innovative solution for pre-treatment of storm water. Plasti-Fab is a world class manufacturer of composites with over 40 years of experience designing, engineering and building products for fluid management and control. Recognized around the world as an experienced innovator and provider of quality composite solutions, Plasti-Fab has a wealth of experience and expertise in flow moderation products.
